THE UNIVERSITY OF BRITISH COLUMBIA

Curriculum Vitae for Faculty Members

Date: April 2026 **Initials**: GEP

1. SURNAME

SURNAME: Paradis
FIRST NAME: Gregory
MIDDLE NAME(S): Eric

2. DEPARTMENT/SCHOOL

Department of Forest Resource Management

3. FACULTY

Faculty of Forestry

4. PRESENT RANK

Assistant Professor **SINCE**: July 1, 2021

5. POST-SECONDARY EDUCATION

University or Institution	Degree	Subject Area	Dates
Université Laval	PhD	Forest Science	2016
University of New Brunswick	M.Sc.Eng.	Forest Engineering	2005
University of New Brunswick	B.Sc.Eng.	Forest Engineering	2001

Special Professional Qualifications

- P.Eng., Ordre des ingénieurs du Québec (OIQ) [2008–2018, 2021– present]
- RPF, Ordre des ingénieurs forestiers du Québec (OIFQ) [2006–2018, 2021–2022]
- RPF, Forest Professionals British Columbia (FPBC) [2021–2022]

6. EMPLOYMENT RECORD

(a) Prior to coming to UBC

University employment

University	Rank or Title	Dates
Université Laval	Postdoctoral Research Fellow	2015–2016
Université Laval	Research Assistant, Instructor	2010–2015
University of New Brunswick	Research Assistant	2001–2003

Non-university employment

Company or Organization	Rank or Title	Dates
Freelance	Expert Consultant	2010–
Group OptiVert	Analyst and Project Lead	2005–2009
Global Optimality	Co-founder and President	2012–2016
Ghost Tours of Quebec	Vice-president and Co-owner	2011–
Spatial Planning Systems	Analyst and Project Lead	2003–2004
Remsoft	Technical Documentation Lead	2003
Freelance	Consultant	2001

(b) At UBC

Rank or Title	Dates
Professeur associé (École de foresterie, Université de Moncton)	2023/01–2025/12
Assistant Professor	2021–
Research Associate	2021
Postdoctoral Research Fellow	2017–2021

(c) Date of granting of tenure at UBC

(not yet granted)

7. LEAVES OF ABSENCE

(none to report)

8. TEACHING

(a) Areas of special interest and accomplishments

I specialize in operational research, mathematical modelling, forest management planning, and forest engineering, integrating academic and real-world insights. My focus includes forest ecosystem process modelling, forest resource analysis, forest estate modelling, forest economics, and environmental sustainability, notably carbon accounting for forest ecosystems and forest products. A key accomplishment is developing FRST 422, a capstone course linking theory with practice, enhancing students' critical thinking and problem-solving skills. This course also serves as a precursor to FRST 423. Additionally, I am creating a new module in FRST 558 on forest management and resource analysis, leveraging my experience as a forester, engineer, and forest estate modelling expert. Both FRST 422 and FRST 558 aim to equip students with essential knowledge and technical skills for their future careers as forest professionals.

(b) Courses Taught at UBC (both undergraduate & graduate)

Session	Course	Sched. hrs	Class size	Lect.	Tut.	Labs	Other
2025–2026							
2025W1	FRST 422	9	50	2	6		1
2025W2	FRST 558	5	30	1	3		1
2024-2025							

Session	Course	Sched. hrs	Class size	Lect.	Tut.	Labs	Other
2024W1	FRST 422	9	50	2	6		1
2024W2	FRST 558	5	30	1	3		1
2023–2024							
2023W1	FRST 422	9	50	2	6		1
2023W2	FRST 558	5	30	1	3		1
2022–2023							
(no courses taught)							
2021–2022							
2021W1	FRST 422	9	65	2	6		1
2021W1	FRST 422 DE	2	15				2
2020–2021							
2020W1	FRST 422	9	65	2	6		1
2020W2	FRST 318	9	120	2	6		1
2019–2020							
2019W1	FRST 422	9	65	2	6		1
2019W2	FRST 318	9	120	2	6		1
2018–2019							
2018W2	FRST 318	9	120	2	6		1
2018W2	FRST 424	8	65		4		4
2019S2	VSP	12	50	12			
2017–2018							
2017W2	FRST 424	8			4		4
2018S2	VSP	12		12			
2016–2017							
2017S2	VSP	12		12			

FRST 558 (7 credits) ***Landscape-Level Forest Land Management***

Preparation of landscape-level sustainable forest management plans that integrate ecological, social and economic components. [0-0-0]

FRST 422 (3 credits) ***Mathematical Modelling in Forest Resource Analysis***

Modelling techniques used in strategic and tactical forest resources analyses. [2-0-3]

FRST 422 DE (3 credits) ***Mathematical Modelling in Forest Resource Analysis***

Modelling techniques used in strategic and tactical forest resources analyses. Distance education course, online (with live weekly office hours via Zoom videoconference). [0-0-0]

FRST 318 (3 credits) ***Forest and Conservation Economics***

Practical problem solving of economic issues related to forestry and conservation, touching on investment analysis, capital budgeting, non-timber economics, ecosystem services, and forest certification. [2-3-0]

FRST 424 (10 credits) ***Sustainable Forest Management***

Forest management designs to identify and integrate economic, social, and environmental objectives across a forested landscape both strategically and tactically. [6-2-4]

VSP *Sustainable Forest Management*

Introduction to sustainable forest management concepts, applied to a British Columbia context. Intensive 6-week course offered as part of the Vancouver Summer Program. [12-0-0]

(c) Graduate Research Supervision

Student Name	Program	Start	Finish	Supervisory Role
PDF and RA Supervision				
Elaheh Ghasemi	PDF	2023	2026	Supervisor
Salar Ghotb	PDF	2023	2025	Supervisor
Tatiane Micheletti	PDF	2022	2023	Supervisor
Valentine Lafond	RA	2023	2023	Supervisor
Valentine Lafond	PDF	2022	2023	Supervisor
Kathleen Coupland	RA	2024		Supervisor
Kathleen Coupland	PDF	2023	2023	Supervisor
MSc Supervision				
Thomas Cooper	MSc	2026		Supervisor (pending admission)
Jamie Iversen	MASc	2025		Supervisor
Yunhao Xu	MASc	2024		Supervisor
Rosalia Jaffray	MASc	2024	2026	Supervisor
Yancun Yan	MSc	2022	2025	Supervisor
Jinming Ke	MSc	2021	2023	Supervisor

(d) Graduate Program Supervision

Student Name	Program	Start	Finish	Supervisory Role
Gloria Mensah	PhD	2025		Committee member
Samuel Clement	MSc	2024	2026	Committee member
Hanno Southam	MSc	2024	2025	Committee member
Arwa Abougharib	PhD	2023		Committee member
Soroush Aghamohamadi Bosjin	PhD	2023	2024	Committee member
Alex Noël	PhD	2022	DNF	Committee member
Bidhan Bhuson Roy	PhD	2021		Committee member
Sahar Ahmadvand	PhD	2020	2023	Committee member

(e) Continuing Education Activities

Workshop Development and Presentation

Workshop Title	Host	Role	Date	Hours
Nature-Based Solutions in Mining: Using Decision Support Systems to Guide Action	UBC BRIMM	Co-organizer and Presenter	2026/05/27	1.0
Carbon Offset Workshop (working title)	UBC	Co-facilitator	2026/05/04	8.0
BPI Research Day 2026	UBC BPI	MC	2026/05/01	4.0
Carbon Offsets: Climate Action or Sustainability Illusion?	UBC Sustainability	Co-facilitator	2025/11/12	1.5
BPI Connect 2025	UBC BPI	MC	2025/12/xx	4.0
Lab Data Workflow Workshop	UBC FRESH	Organizer	2025/09/xx	8.0
BPI Research Day	UBC BPI	MC	2025/05/02	4.0
Introduction to Forest Estate Modelling with Patchworks Workshop (for MKRF staff)	UBC FoF	Organizer	2025/03/17	6.0
BPI Connect 2024	UBC BPI	MC	2024/12/06	4.0
Using timber in the built environment	UBC FoF	Organizer	2024/10/31	6.0
BPI Community Day	UBC BPI	MC	2023/03/30	6.0
Introduction to spades_ws3 software module	UBC FoF	Facilitator	2021/10/12	2.0
Ensuring exams are effective tools for learning and assessment	UBC LFS	Co-presenter	2021/08/13	1.0
Joint Forestry and LFS Teaching Colloquy	UBC FoF+LFS	Co-facilitator	2021/06/04	2.0
Faculty of Forestry Undergraduate Student Focus Group Discussions	UBC FoF	Co-facilitator	2020/06/10	2.0
Faculty of Forestry Undergraduate Student Focus Group Discussions	UBC FoF	Co-facilitator	2020/06/11	2.0

Workshop Attendance

Workshop Title	Host	Date	Hours
Research Award Nominations: Why and How	UBC FES	2026/04/30	1.0
Negotiation to Innovation: Advancing Climate Action	UBC	2025/11/12	6.0
Tenure and Promotion Workshop	UBC	2025/05/26	2.0
Disability at Work 101	UBC	2025/03/25	1.0
Beyond Beakers & Flasks: The BioEconomy as a Socio-Technical System	UBC BPI	2025/02/21	2.0
Dataverse Training Workshop	UBC Libraries	2025/03/11	1.5
BPI Media Training Workshop	UBC BPI	2025/03/13	2.0
2025 SISCO Winter Workshop	SISCO	2025/03/04 2025/03/05	12.0 6.0
Preventing and Responding to Sexual Misconduct	UBC	2025/02/19	1.0
Joint event between UBC FoF and BC MoF	UBC FoF	2024/11/13	9.0
Driving Purchases Beyond Pos at UBC, High Value Purchasing	UBC	2024/08/17	1.0
Positive Space	UBC	2024/07/15	1.0
Webinar - EDI in NSERC grants	UBC SPARC	2024/04/30	2.0
Workshop on Graduate Supervision for New Faculty Members	UBC G+PS	2024/03/24	2.0

Workshop Title	Host	Date	Hours
Systemic Intervention: A Holistic Transition to a Bio-Material-Based Building Sector (New York Climate Week Working Session)	Wood at Work, Bauhaus Earth, Built by Nature	2023/09/20	5.0
Inclusive Communications (workshop)	UBC BPI	2023/03/30	2.0
Botanical Drawing (workshop)	UBC Belkin	2023/03/13	2.0
Supporting Mental Health in the Workplace for Managers and Supervisors (online training module)	UBC WPL	2023/02/28	2.0
Fibre Futures Seminar Series	UBC BPI	2023/11/14 2023/11/21 2023/11/28	1.0 1.0 1.0
Trimble Forestry: Connected Forest Software Training	UBC FoF	2023/06/23	2.0
Supporting Mentel Health in the Workplace for Managers and Supervisors	UBC	2023/07/19	1.0
Peer Reviews of Teaching (workshop)	UBC FoF	2022/06/21	1.5
Alternative Assessment Strategies to Help Students Stop Worrying About Grades and Focus on Learning Instead (workshop)	UBC FoF	2022/05/05	1.5
FVS-BC Workshop (UBC Faculty of Forestry workshop)	UBC FoF (Bianca Eskelson)	2022/02/28 2022/03/07 2022/03/xx 2022/04/11	2.0 2.0 2.0 2.0
Grad School Admission processes in Forestry	UBC FoF	2022/03/28	1.5
G+PS Workshop on Graduate Supervision for New Faculty Members	UBC G+PS	2022/03/24	2.0
BPI EDI Workshop by Dr. Diego Gomez Maldonado	UBC BPI	2022/02/14	1.0
Orientation for New Faculty part 2: promoting graduate student success	UBC FoF	2022/01/13	1.0
Orientation and Workshop on Graduate Supervision for New Faculty Members	UBC G+PS	2021/11/04	2.0
Graduate Student Recruitment Workshop	UBC FoF	2021/10/08	1.5
Inclusive Teaching: What is it and why does it matter?	UBC CTLT	2021/08/25	2.0
Hybrid Teaching and Learning Conversations: The Challenge of Flexibility	UBC CTLT	2021/08/23	1.5
UBC Go Forward COVID-19 Safety Planning Training	UBC	2021/07/21	1.0
Joint Forestry and LFS Teaching Colloquy	UBC FoF+LFS	2021/06/04	2.0
Collaborative Learning Annotation Systems	UBC LFS	2020/12/18	1.0
Flexible Assessments	UBC LFS	2020/12/11	1.0
Faculty Experience Sharing in Online Teaching	UBC FoF	2020/12/01	1.0
Design and delivery of online courses with quality and student satisfaction	UBC FoF	2020/07/06	1.0
Teaching Computer-based Labs Online: Lessons Learned from CONS 340	UBC FoF	2020/07/03	1.0
Balancing Synchronous & Asynchronous Activities and Building Connectivity in Online Learning Environment	UBC FoF+CTLT	2020/06/30	1.0

Workshop Title	Host	Date	Hours
Canvas Commons: Learning Object and Open Education Resource Sharing Made Easy	UBC CTLT	2017/12/11	2.0
Lunch 'N' Learn: Introduction to Canvas Basics	UBC CTLT	2017/10/11	2.0
University-wide New Faculty and Staff Welcome Orientation	UBC CTLT	2017/08/31	2.0

(f) Visiting and Guest Lecturer (indicate university/organization and dates)

University	Course	Topic	Date	Hours
UBC	FRST XXX	Sustainable Futures	2025/11/18	2.0
UBC	FRST 422	Ask An Expert: Forest Estate Modelling	2025/11/15	1.0
UBC	FRST 423	Lecture: Modelling and Forest Management—Linkages to Carbon Flows and the Bioeconomy	2025/03/xx	1.0
UBC	FRST 555	Lecture: criteria and indicators for sustainable forest management	2024/08/19	1.5
UBC	FRST 534	Lecture: criteria and indicators for sustainable forest management	2024/02/xx	2.0
UBC	FRST 555	Lecture: Introduction to forest management	2023/08/21	1.5
UBC	FRST 425	Lecture: Introduction to mathematical modelling in forest resource analysis	2023/07/18	1.0
UBC	FRST 402	Video: Registering as a Forest Professional in BC	2023/02/08	0.5
UBC	FRST 534	Lecture: Role of models and modelling in the bioeconomy	2023/02/17	2.0
UBC	FRST 555	Tutorial: Implementing performance indicators within forest estate models	2023/02/02	3.0
UBC	FRST 555	Lecture: criteria and indicators for sustainable forest management	2022/08/25	2.0
UBC	FRST 555	Lecture: criteria and indicators for sustainable forest management	2022/02/18	2.0
UBC	FRST 555	Lecture: criteria and indicators for sustainable forest management	2021/08/xx	2.0

Courses Taught Prior to UBC

Session	Course	Sched. hrs	Class size	Lect.	Tut.	Labs	Other
FOR-3003 (Projet en opérations forestières) [Université Laval)							
2014	FOR-3003	4	30	2	2		
2013	FOR-3003	4	30	2	2		
2012	FOR-3003	4	30	2	2		
2011	FOR-3003	4	30	2	2		
FE 3233 (Introduction to Operations Research) [University of New Brunswick]							
2003	FE 3233	5	20	3	2		
2002	FE 3233	5	20	3	2		
2001	FE 3233	5	20	3	2		

FOR-3003 (2 credits) ***Projet en opérations forestières*** **[Université Laval]**

Forest fibre procurement planning, from harvest block scheduling to delivered logs at mill gate. [2-2-0]

FE 3233 (3 credits) ***Introduction to Operations Research*** **[University of New Brunswick]**

Introduces forest engineering students to operational research methods for solving constrained optimization problems. [3-0-2]

9. SCHOLARLY AND PROFESSIONAL ACTIVITIES

(a) Areas of special interest and accomplishments

My research focuses on forest management problems, applying operations research (OR) methods to formulate and solve complex decision problems through mathematical optimization. I use a systems approach to model interactions between forest ecosystems, industrial supply chains, governments, and society. My interests intersect forest science, economics, engineering, data science, computer science, and OR. Key research topics include forest estate modeling, cumulative effects modeling, supply chain modeling, carbon accounting, and nature-based decarbonization. As Theme Leader, I launched the Natural Capital and Biodiversity research theme within the Bradshaw Research Initiative for Minerals and Mining (BRIMM), mobilizing government and industry partners for impactful research. I've secured substantial amounts of "soft" funding from key government agencies and established firm commitments for future funding. Additionally, I am negotiating new industry partnerships and have applied for major infrastructure grant (CFI JELF) to support advanced research computing equipment for my modeling research program (and development of an open innovation hub).

(b) Research or equivalent grants (indicate under COMP whether grants were obtained competitively (C)

or non-competitively (NC))

Agency	Subject	COMP	$ (total)	Year	Principal Investigator	Co-Investigator(s)

(none to report)

(g) Conference Participation (Organizer, Keynote Speaker, etc.)

- Session Chair, Canadian Operational Research Society (CORS) Annual Conference 2026, Kingston
- Judge, David Martell Student Paper Prize in Forestry, Canadian Operational Research Society (CORS) Annual Conference 2026, Kingston
- Treasurer and CORS Council Liaison, Canadian Operational Research Society (CORS) Annual Conference 2024, London
- Cluster Chair, Analytics cluster, Canadian Operational Research Society (CORS) Annual Conference 2024, London
- Session Chair, Forestry cluster, Canadian Operational Research Society (CORS) Annual Conference 2024, London
- Session Chair, Canadian Operational Research Society (CORS) Annual Conference 2023, Montreal
- Member, Planning Committee, CORS CanQueue 2023 Conference, Niagara-on-the-Lake
- Co-chair, Arrangements Committee, Joint CORS/INFORMS 2022 International Conference, Vancouver
- Session Chair, Joint CORS/INFORMS 2022 International Conference, Vancouver
- Event Co-chair, Mathematical Modelling in Agriculture and Forestry, Banff International Research Station Career and Innovation Hub, January 2022 (online workshop)
- Cluster Co-chair, Analytics cluster, Canadian Operational Research Society (CORS) Annual Conference 2021 (online)
- Session Chair, Canadian Operational Research Society (CORS) Annual Conference 2021 (online)
- Session Chair, Symposium on Systems Analysis in Forest Resources (SSAFR) 2019, Puerto Varas, Chile
- Cluster Co-chair, Analytics cluster, Canadian Operational Research Society (CORS) Annual Conference 2019, Saskatoon
- Session Chair, Canadian Operational Research Society (CORS) Annual Conference 2019, Saskatoon
- Cluster Co-chair, Analytics cluster, Canadian Operational Research Society (CORS) Annual Conference 2018
- Session Chair, Canadian Operational Research Society (CORS) Annual Conference 2018
- Session Chair, Canadian Operational Research Society (CORS) Annual Conference 2017
- Session Chair, Canadian Operational Research Society (CORS) Annual Conference 2015
- Session Chair, Canadian Operational Research Society (CORS) Annual Conference 2014, Niagara Falls
- Cluster Co-chair, Forestry cluster, Canadian Operational Research Society (CORS) Annual Conference 2013
- Session Chair, Canadian Operational Research Society (CORS) Annual Conference 2013
- Session Chair, Symposium on Systems Analysis in Forest Resources (SSAFR) 2013, Quebec City
- Cluster Co-chair, Forestry cluster, Canadian Operational Research Society (CORS) Annual Conference 2012
- Session Chair, Canadian Operational Research Society (CORS) Annual Conference 2012
- Organizing Committee, 34th annual meeting of the Council on Forest Engineering (COFE) 2011, Quebec City, 2010–2011

- Session Chair, Sources de risques et d'incertitudes dans le calcul de possibilité. Faut-il en tenir compte? Carrefour Forêt Innovations 2011, Quebec City, 2011
- Conference Co-chair, UNBF Graduate Student Association Research Conference 2003, 2002–2003

SERVICE TO THE UNIVERSITY AND THE COMMUNITY

10. SERVICE TO THE UNIVERSITY

(a) Areas of special interest and accomplishments

I have engaged in a range of service activities, both within UBC and in the broader community. At UBC, I serve on the Equity, Diversity, Inclusion and Indigeneity (EDI.I) Committee of the UBC BioProducts Institute, as well as on a number of faculty- and department-level committees (mostly focused on teaching and course development). Much of my service effort outside university has been within the Canadian Operational Research Society (CORS), where I have played several leadership roles in the past 15 years (including founding two national special interest groups [Forestry, Analytics], a 4-year term as national Treasurer, chairing multiple Forestry and Analytics clusters at national conferences, acting as Guest Editor on a special issue of the CORS-managed journal INFOR, leading the local Vancouver CORS member section, and participating in launching of new EDI initiative within this organization). I have also worked to create an inclusive and diverse environment within my lab—although this is an ongoing effort, I have been successful in attracting a highly diverse group of early career researchers to work on my team.

(b) Areas of service undertaken to advance the inclusion of all those who have been historically excluded based on gender, race, religion, sexuality, age, disability, or economic circumstance

- Member, EDI Committee (UBC BioProducts Institute), 2022–

(c) Memberships on committees, including offices held and dates

- Member, Big Data in Forestry course development committee (UBC Faculty of Forestry), 2022/01–
- Member, BEST 401 course development committee (UBC Faculty of Forestry), 2022/03–
- Member, FRM Department Head Appointment Committee (UBC Faculty of Forestry), 2022/03–2022/05
- Member, GTA Award Adjudication Committee (UBC Faculty of Forestry), 2022/01–2022/03
- Member, Planning for Fall Ad hoc Committee (UBC Faculty of Forestry), 2020/06–2020/12

(d) Other service, including dates

- FRST 452. Volunteer guest instructor for the entire 7-day Coastal Field School course at Malkolm Knapp Research Forest, 2026/04
- Led initial appointment of Dr. Robert Hember to the role of Adjunct Professor (FRM department), 2026/04
- Led renewal of Dr. Ceres Barros appointment to the role of Adjunct Professor (FRM department), 2026/04
- Chair, Examination Committee, MSc defense (Ethan Porter-Hughes), 2025/07
- Led renewal of Dr. Cosmin Man appointment to the role of Adjunct Professor (FRM department), 2025/04
- FRST 452. Volunteer guest instructor for the entire 7-day Coastal Field School course at Malkolm

Knapp Research Forest, 2025/04
- Chair, Examination Committee, MSc defense (Hsiao-Chi Lo), 2025/01
- Data management plan advisor. For the Renneckar Laboratory (Wood Science, UBC) developed a data protection and fidelity process for large spectrometer data sets.
- Chair, Examination Committee, MSc defense (Mingrui Liu), 2024/05
- FRST 452. Volunteer guest instructor for the entire 7-day Coastal Field School course at Malkolm Knapp Research Forest, 2024/04
- Chair, Examination Committee, MSc defense (Madeleine Wrazej), 2024/06
- FRST 452. Volunteer guest instructor for the entire 7-day Coastal Field School course at Malkolm Knapp Research Forest, 2023/04
- Non-departmental Examiner, MSc thesis defense (Patrick Zubick), 2023/12
- Non-departmental Examiner, MSc thesis defense (Hengliang Dai), 2023/08
- Member, UBC McWilliams Forest Resource Management Graduate Student Enrichment Fund Award Adjudication Committee, 2023/03
- Led initial appointment of Dr. Ceres Barros to the role of Adjunct Professor (FRM department), 2023/04
- Led renewal of Dr. Eliot McIntire appointment to the role of Adjunct Professor (FRM department), 2023/04
- Member, UBC Faculty of Forestry Best Graduate Teaching Assistant Awards Adjudication Committee, 2022/04
- Led renewal of Dr. Cosmin Man appointment to the role of Adjunct Professor (FRM department), 2022/04
- Non-departmental Examiner, MASc thesis defense (Maziyar Khadivi), 2022/02
- Member, UBC Postdoctoral Fellows Office PDF Travel Awards Adjudication Committee, 2020/01

11. SERVICE TO THE COMMUNITY

(a) Service undertaken to advance the inclusion of all those who have been historically excluded based on gender, race, religion, sexuality, age, disability, or economic circumstance

- Member, Equity, Diversity, and Inclusion (EDI) Ad Hoc Committee, Canadian Operational Research Society (CORS), 2022–2024

(b) Memberships on scholarly societies, including offices held and dates

- Member, Forest Carbon Modelling Group (FCMG), Joint initiative of the National Council for Air and Stream Improvement (NCASI) the U.S. Forest Service (USFS), 2023–
- Treasurer, CORS 2024 Conference, 2023–2024
- Treasurer, Canadian Operational Research Society (CORS), 2020–2024
- President, Local Vancouver Section, Canadian Operational Research Society, 2021–2024
- Jury Member, David Martell Student Paper Prize in Forestry, Canadian Operational Research Society (CORS), 2022 [withdrawn due to potential COI]
- Jury Member, David Martell Student Paper Prize in Forestry, Canadian Operational Research Society (CORS), 2019
- Jury Member, David Martell Student Paper Prize in Forestry, Canadian Operational Research Society (CORS), 2018
- Founding President, Analytics Special Interest Group, Canadian Operational Research Society (CORS),

2018–2024
- Founding President, Forestry Special Interest Group, Canadian Operational Research Society (CORS), 2012–2013
- Past President, Forestry Special Interest Group, Canadian Operational Research Society (CORS), 2013–2014

(c) Memberships on other societies, including offices held and dates

- Treasurer, Board of Directors, Section régionale de Québec et Chaudière-Appalaches de l'Ordre des ingénieurs du Québec, 2008–2012
- Alden Nowlan House Board of Directors, 2002–2003
- Vice-president, Communications, UNBF Graduate Student Association, 2002–2003

(d) Memberships on scholarly committees, including offices held and dates

- Chair, Financial Planning Ad Hoc Committee, Canadian Operational Research Society (CORS), 2020–2024
- Chair, Membership Standing Committee, Canadian Operational Research Society (CORS), 2022–2024

(e) Memberships on other committees, including offices held and dates

- Director, Professional Promotion Committee, Section régionale de Québec et Chaudière-Appalaches de l'Ordre des ingénieurs du Québec, 2008–2012
- Organizing Committee, Section régionale de Québec de l'Ordre des ingénieurs forestiers du Québec, 2008–2012
- Association Affairs Committee, Association of Professional Engineers and Geo-scientists of New Brunswick, 2002–2003

(f) Editorships (list journal and dates)

- Guest Editor, INFOR: Information Systems and Operational Research, Special Issue on Forestry Applications, 2013–2016

(g) Reviewer (journal, agency, etc. including dates)

12. AWARDS AND DISTINCTIONS

(a) Awards for Teaching (indicate name of award, awarding organizations, date)

Name of Award	Awarding Organization	Dates	Award Details
Rio Tinto Supplier Awards, Environmental Sustainability	Rio Tinto	2025	Team award for development of BRIMM 112: Transition to Positive Legacy online course

(b) Awards for Scholarship (indicate name of award, awarding organizations, date)

Awards I have received are listed below.

Name of Award	Awarding Organization	Dates	Award Details
PDF Travel Award	UBC Postdoctoral Fellows Office	2019	
Best Paper	David Martell Student Paper Prize in Forestry, CORS Forestry Special Interest Group	2017	
Best Paper	David Martell Student Paper Prize in Forestry, CORS Forestry Special Interest Group	2014	
Finalist	Marcus Wallenberg Student Competition (FIBRE)	2014	
First Prize	VCO Summer School Student Poster Competition, NSERC Value Chain Optimization (VCO)	2013	
Richard-J.-Cullen Scholarship (Forest Economics)	F.-K.-Morrow Foundation	2013	
Finalist	Votre soutenance en 180 secondes, Université Laval	2012	
Finalist	Cogito Competition, Université Laval	2012	
Doctoral Scholarship of Excellence	Centre interuniversitaire de recherche en réseaux, logistique, et transport (CIRRELT)	2012	
Marcel-Lortie Scholarship (Forest Economics)	Fonds de recherche et développement forestier (FRDF)	2012	
Doctoral Research Scholarship	FORAC Research Consortium, Université Laval	2010 2011 2012 2013 2014	
Masters Research Scholarship	University of New Brunswick	2001 2002 2003	
Best Paper	Canadian Operational Research Society (CORS) Student Paper Competition (undergraduate category)	2001	

Awards received by HQP under my direct supervision are listed below.

HQP Name	Name of Award	Awarding Organization	Dates	Details
Rosalia Jaffray	Honours designation (MASc thesis)			
Rosalia Jaffray	Killam Graduate Teaching Assistant Award	UBC	2026	$1000
Rosalia Jaffray	Jordan L. Burke Memorial Award in Forestry	UBC FES	2026	$3500
Elaheh Ghasemi	David Martell Student Paper Prize in Forestry	Canadian Operational Research Society (CORS)	2025	Best Paper $100
Rosalia Jaffray	McWilliams Family FRM Graduate Student Enrichment Fund	UBC F	2025	$2945
Rosalia Jaffray	Mary and David Macaree Fellowship (4848)	UBC F	2025	$1400
Rosalia Jaffray	SFI Annual Conference Youth Delegate	SFI	2025	$2500
Rosalia Jaffray	Women in Consulting Engineering Scholarship	Women in Consulting Engineering	2025	$2000
Jamie Iverson	Strategic Recruitment Fund	UBC F	2025	$4000
Rosalie Jaffray	Christopher Lee Memorial Scholarship Award	UBC F	2025	$2000
Rosalia Jaffray	Jordan L. Burke Memorial Award in Forestry	UBC F	2025	Second Place $2700
Jin Xia Guo	Strategic Recruitment Fund	UBC F	2025	$2000
Elaheh Ghasemi	Women in Mining Research Fund Grant	Women in Mining (WIM) Canada	2025	$5000
Yunhao Xu	Strategic Recruitment Fund	UBC F	2024	$4000
Elaheh Ghasemi	André Hoffmann Fellow for the Fourth Industrial Revolution	World Economic Forum	2024	$87 000
Salar Ghotb	David Martell Student Paper Prize in Forestry	Canadian Operational Research Society (CORS)	2024	Best Paper $200

HQP Name	Name of Award	Awarding Organization	Dates	Details
Yancun Yan	Fellowship in Forest Ecosystem Management	Canfor Corporation	2024	$2500
Jin Xia Guo	Undergraduate Student Research Award	NSERC	2024	$6000
Yancun Yan	VanDusen Graduate Fellowship in Forestry	UBC F	2023	$4500
Yancun Yan	Work Learn International Undergraduate Research Award	UBC	2022	$6000
Yike Chen	Work Learn International Undergraduate Research Award	UBC	2022	$6000

(c) Awards for Service (indicate name of award, awarding organizations, date)

- Eldon Gunn Service Award, Canadian Operational Research Society, 2025/06

(d) Other Awards

(none to report)

13. OTHER RELEVANT INFORMATION (Maximum One Page)

Over the past three years, I have strategically invested my time and social capital to build a robust network of trust and commitment with various industry, government, and academic partners. This has contributed to advancing innovative research and fostering sustainable practices in the forest ecosystem and supply chain sectors.

Industry Partnerships: I have cultivated meaningful partnerships with key players in the mining industry, including Newmont, Regeneration, Corbin Road, Rio Tinto, and AngloGold Ashanti. These collaborations have facilitated research at the intersection of mining and forest ecosystem sustainability. I am collaborating with Flash Forest on developing next-gen drone reforestation technology. Through these partnerships, we have developed strategies that enhance both forest sector supply chain sustainability and forest ecosystem health, ensuring mining activities contribute positively to forest management and conservation practices.

Government Collaborations: My work with the Predictive Ecology Collective team within the Canadian Forest Service and the Nature Smart Climate Solutions Fund team within Environment and Climate Change Canada has been instrumental in aligning research goals with national climate action plans. At the provincial level, I have engaged with the Future Forests Ecosystems Centre team, the Forest Inventory and Analysis Branch, and the Chief Forester within the BC provincial government. These relationships have enabled the integration of provincial forest management practices with cutting-edge research, ensuring informed policy decisions.

International Partnerships: My involvement with the United Nations Sustainable Development Solutions

Network, World Economic Forum, and the NCASI-led Forest Carbon Modelling Group underscores my commitment to global sustainability goals. These collaborations focus on developing and implementing sustainable forest management practices that are resilient to climate change, support biodiversity, and enhance carbon sequestration, addressing pressing environmental challenges on a worldwide scale.

First Nations Partnerships: I am deeply committed to establishing long-term partnerships with First Nations enterprises, notably TsiDelDel Enterprises in British Columbia and the Whitefeather Forest Initiative in Ontario. These partnerships integrate traditional ecological knowledge with scientific research, fostering a collaborative approach to forest management that respects and incorporates Indigenous perspectives, aiming to develop sustainable practices that support both environmental health and community well-being.

University and Community Engagement: Within UBC, I have strong connections with interdisciplinary research institutes, including the BioProducts Institute, the Clean Energy Research Centre, and the Bradshaw Research Initiative for Minerals and Mining. These collaborations foster a multidisciplinary approach to research, combining expertise from forestry, engineering, and environmental science to address complex sustainability challenges. My commitment to UBC extends to mentoring students and early-career researchers, guiding them in their academic and professional development.

Strategic Elements from the CFI JELF Proposal: Aligned with my recent CFI JELF proposal, my research focuses on developing innovative, open-source modelling tools for integrated ecosystem and forest management. These tools enhance our understanding of forest dynamics under various climate scenarios and management strategies, supporting sustainable forest management and broader climate change mitigation goals.

Commitment to Open Innovation: A cornerstone of my research is open innovation, essential for accelerating impactful solutions to urgent sustainability problems. My ws3 open-source forest estate modelling software framework exemplifies this commitment, playing a pivotal role in past research projects at UBC and Université Laval. It continues to be a unique asset in over $5M of recently submitted grant proposals. The ws3 framework facilitates transparent, reproducible research and enables collaboration across diverse teams, enhancing our collective ability to address complex environmental challenges.

Commitment to Mentorship and Community Building: Mentorship is a cornerstone of my philosophy. I nurture the next generation of researchers by providing them with skills and opportunities to succeed. My approach fosters a collaborative and inclusive research environment, encouraging students and junior researchers to explore innovative ideas and contribute to impactful projects. My efforts in community building within UBC and beyond aim to create a supportive network that promotes knowledge exchange, professional development, and collaborative problem-solving.

In summary, my strategic investment in diverse partnerships over the past three years has significantly advanced research in forest ecosystem sustainability and supply chain management. Through these collaborations, I have integrated innovative research with practical applications, contributing to academic knowledge and real-world environmental solutions. My commitment to open innovation and the success of the ws3 framework highlight the impactful contributions of my research in addressing critical sustainability challenges. My regular interactions with the media (in particular French-language press) on a variety of forest-related topics highlights my commitment to knowledge mobilization, research extension, and community engagement.
